## Environmental Policy

---

### **Sterling Integrated Systems Ltd**

Sterling Integrated Systems Ltd is a small office based security installation and maintenance company. The responsibility for managing and maintaining the policy lies with the Board of Sterling Integrated Systems and the general implementation has been delegated to an environmental steering committee.

Sterling Integrated Systems is an environmentally conscious and responsible company. To carry out this commitment, it is Sterling Integrated Systems policy to strive to ensure that all aspects of the business have the least harmful effect on the environment by implementing an environmental management system to:

- ✓ Be fully aware of all environmental legislation and ensure that regulatory requirements are met and, where feasible, improved upon.
- ✓ Monitor the implementation of the policy by carrying out periodic audits of compliance and, when appropriate, introduce remedial measures.
- ✓ Ensure all employees, in the course of their duties, act in accordance with the environmental policy.
- ✓ Encourage Suppliers, Subcontractors and Vendors to act in accordance with our environmental standards.

In addition, areas of particular attention within the business will be the selection of non-polluting technology, waste minimisation, reuse/recycling and the reduction of energy consumption. Sterling Integrated Systems also makes a positive environmental contribution in the local community by encouraging open communication, general environmental awareness and the promotion of community projects.
